CLERK, U.S. DISTRICT COURT
NORTH DISTRICT OF CALIFORNIA

Dear Judge Alsup:

I write this letter to offer assistance to you to increase PG&E fire safety. I believe I have both the capability to offer you effective assistance, and that I bear a responsibility to California and to myself to offer you such assistance.

I worked as a full time attorney for the California Public Utilities Commission from 1978 through December 2009 when I retired. The Commission retained me as a retired annuitant from 2010-2013 and assigned me as lead attorney on the Commission's San Bruno gas recordkeeping investigation. In September 2017 the Commission again retained me again to investigate the 2017 fires, and after the 2018 Camp Fire I was assigned to that investigation also. My contract with the Commission expired after June 2019. I have not worked for the Commission since then, and I do not intend to seek or accept any future work with the agency.

I believe that my experience and knowledge can help the Court achieve better PG&E safety. If you request, I will identify specifics to you in writing or by meeting. If you find such has the potential to increase safety, I would be glad to offer my services in a consulting contract. If no contract, I offer any other help that I can provide to the Court.

I live in San Francisco and can be reached by email at noser666@comcast.net or by phone at 415-666-0124 or 415-577-8002.

Respectfully yours,

Robert Cagen
